MR. DEPUTY CHAIRMAN: I have not given a ruling.

SHRI SITARAM YECHURY: Sir, hear me also before giving the ruling. Hear me before you give your ruling.

MR. DEPUTY CHAIRMAN: Okay.

SHRI SITARAM YECHURY: The matter is correct insofar as the issue is confined to the jurisdiction of law and order of the State. Here is a situation where people have lost lives outside the State and that too in a mysterious manner. So, this qualifies for a Central intervention. The second point in the point of order is, the job of the Parliament is to make the Government accountable. The job of good governance is that of the Government and the job of the Parliament is to make the Government accountable. It is misleading to say that we have all agreed for a discussion. A discussion is not a substitute for an investigation, and till that investigation is ordered by the Government and till the concerned people step down from office, there cannot be a discussion here. That is the point that I have to make. ...*(Interruptions)*...

MR. DEPUTY CHAIRMAN: Okay. I heard your point. ...*(Interruptions)*...

(b) the extent to which this is likely to help to make identified products 'zero defect and zero effect'?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) Bureau of Indian Standards (BIS) has formulated standards in the identified sectors. Number of existing Indian standards in the following sectors are as per Table-1 below:

\*20. SHRI BISWAJIT DAIMARY: Will the Minister of TOURISM be pleased to state:

(a) whether there is a scope for development of tourism in North Eastern Region;

(b) if so, whether there is scarcity of road, communication, electricity, air connectivity and accommodation for the convenience of tourists coming from other parts of the country and abroad;

(c) whether the Ministry is making any policy for the solution of that problem in consultation with related Ministries/Departments; and

(d) if so, the details thereof and if not, the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF TOURISM (DR. MAHESH SHARMA): (a) The North-Eastern Region, with its magical and stunning natural beauty, challenging rivers and mountain, brightly painted Buddhist monasteries situated in serene natural environment, exotic flora and fauna, rare orchids, indigenous sports, unique tribal culture, folk dance and music, intricately woven tribal shawls and other handicrafts, offers the visitors a rare feast for eyes and soul. The region offers invaluable resources for the development of eco-tourism, religious tourism and adventure tourism. Each State in the region has its own unique culture and handicrafts. The tourists attractions are scattered over the entire region and are largely located in remote areas within highly fragile environment.

(b) The region's inherent geographical disadvantages and isolation, limited land connectivity, limited/short working season (due to long monsoon period) etc. are the major challenges in achieving significant growth in the physical infrastructure of the region.

(c) and (d) The development of tourist infrastructure and products is the primary responsibility of the concerned State Governments/UT Administrations. However, in order to realize the huge tourism potential of the country including North Eastern Region and bridge the infrastructure gaps, the Ministry of Tourism has identified the following theme based circuits, under its Swadesh Darshan Scheme:

(i) North East Circuit

(ii) Buddhist Circuit

(iii) Himalayan Circuit

- (iv) Coastal Circuit
- (v) Krishna Circuit
- (vi) Desert Circuit
- (vii) Tribal Circuit
- (viii) Eco Circuit
- (ix) Wildlife Circuit
- (x) Rural Circuit
- (xi) Spiritual Circuit
- (xii) Ramayana Circuit

In order to beautify and improve the amenities and infrastructure at pilgrimage centers, the destination of Kamakhya (Guwahati) has been identified under the National Mission on Pilgrimage Rejuvenation and Spiritual Augmentation Drive (PRASAD) in the year 2014-15.

Some of the major infrastructural components admissible under both the schemes are:

- (i) Development/Upgradation of Passenger Terminals (Road, Rail, Water Transport);
- (ii) Improvement of Road connectivity leading to tourist sites/destinations;
- (iii) Use of clean energy sources for street lighting;
- (iv) Wayside amenities with emergency vehicle breakdown, repair and refuel facilities;
- (v) External infrastructure such as water supply, sewerage, drainage, electricity and Roads;
- (vi) First Aid Centres;
- (vii) Helipads, heliports, airstrips, ropeways;
- (viii) Communication System, Mobile Services, Internet Connectivity, Wi-Fi etc.

The Ministry also earmarks at least 10% of its total annual allocation, though its utilization has exceeded more than 10% in the past.

For dealing with the Inter - Ministerial issues regarding the NER, the Ministry of Tourism is in continuous touch with the other concerned administrative Central Ministries for ensuring better connectivity at various tourist destinations and up-gradation of facilities for tourists.

**Change in regulatory norms for foreign investors**

\*21. SHRI AVINASH RAI KHANNA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether the Prime Minister during his recent visit to Germany has told German businessmen and industrialists not to go by old perceptions but to come to India and feel the change in the regulatory environment;

(b) if so, the details of the rules and regulations on foreign investors likely to be revised/modified;

(c) whether such revision/modification of rules and regulations will be applicable for all foreign investors; and

(d) if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) During the recent visit to Germany, Hon. Prime Minister apprised the German companies that the regulatory regime in India is much more transparent, responsive and stable. Lots of efforts have been made and are still underway to improve the Ease of Doing business in the country. Steps have been taken to open up more to FDI in key areas like insurance, construction, defence, railways and medical Devices. Procedures are being simplified and digital technology is being used to eliminate multiple approvals. A predictable, stable and competitive tax regime is being built.

(b) FDI policy is reviewed on an ongoing basis, with a view to making it more investor-friendly. Significant changes are made in the FDI policy regime, from time to time, to ensure that India remains an increasingly attractive investment destination.

(c) and (d) As per the extant FDI policy, any non-resident entity can invest in India, subject to the FDI Policy except in those sectors/activities which are prohibited. However, a citizen of Bangladesh or an entity incorporated in Bangladesh can invest only under the Government route. Further, a citizen of Pakistan or an entity incorporated in Pakistan can invest, only under the Government route, in sectors/activities other than defence, space and atomic energy and sectors/activities prohibited for foreign investment.

**Deregulation of diesel prices**

\*23. SHRI PREM CHAND GUPTA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) whether Government has introduced diesel deregulation with the hope of linking domestic diesel prices with that of international market;
- (b) whether the present decrease in domestic diesel pricing is also linked to fall in international crude oil prices;
- (c) whether Government has any mechanism in place to keep prices of diesel low in case the price of crude oil increases in the future; and
- (d) if so, the details thereof and if not, the reasons for not having formulated such a mechanism?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) Yes Sir. Retail Selling price of diesel in the domestic market is linked with the international price of diesel.

(b) Change in international crude price influences the price of diesel. However, the changes in international price of crude and domestic price of diesel are not in same proportion. This is due to the fact that there are other fixed elements in the price of diesel sold in the domestic market such as taxes, duties, marketing cost, refining cost, wages, freight etc. which do not change in line with change in international crude prices.

(c) and (d) Government will take appropriate action as and when such a situation arises.

**Launch of 'Give it up' campaign**

\*24. SHRI ANIL DESAI: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state :

- (a) whether the Prime Minister has launched the 'Give it up' campaign for using subsidized cooking gas;
- (b) if so, how many persons have voluntarily surrendered subsidized LPG up to July, 2015 and started buying the cooking fuel at market price; and
- (c) whether after this surrender, the subsidy is being targeted at the needy people?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) Yes, Sir. The Hon'ble Prime Minister has formally launched the 'Give it up' campaign on 27.03.2015.

(b) As on 20.07.2015, total 12,14,297 consumers have voluntarily given up/surrendered their LPG subsidy.

(c) Every LPG consumer, who surrenders LPG subsidy, is linked to a BPL household who gets LPG connection in turn.

†\*25. SHRI P.L. PUNIA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) names of the countries and the types of agro products banned for import from India in the last one year along with the reasons for putting such a ban;

(b) the crop-wise details of time span of such a ban and names of the agro products on which the ban still continues; and

(c) the details of the losses incurred by Indian farmers due to such a ban and the action taken by Government on such a ban?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) and (b) The major reason, for imposition of a country-specific ban on any agri product import, could be repeated non-compliance by the exporting country of the importing country's rules and regulations on food safety. During the past one year *i.e.* since June 2014, among agro products, only peanut export from India to Vietnam has been banned with effect from (w.e.f.) 06.04.2015 due to pest interception (*Caryedon Serratus* Oliver).

Earlier, the European Union (EU) had placed a temporary prohibition on import of Mangoes and certain fresh vegetables like taro plant (Arbi), brinjal, bitter gourd and snake gourd from India w.e.f. 01.04.2014. The major reason for imposition of such a ban was interception of a number of consignments from India with harmful organisms (pest) such as thrips and fruit fly. However, the ban in case of mangoes has since been lifted w.e.f. 05.02.2015.

Also the ban on import of green pepper, imposed by the kingdom of Saudi Arabia on India w.e.f. 30.05.2014 on account of detection of higher than permissible limits (MRL) of agrochemicals *i.e.* pesticides, continues.

---

†Original notice of the question was received in Hindi.

(c) The export of agricultural products depends on several factors such as domestic and international demand and supply situation, domestic and international prices, rules/regulations on food safety and quality parameters and their compliance thereto and it may not be possible to quantify losses to farmers, specifically on account of any particular ban.

The concerned nodal departments in association with all the related stakeholders take corrective measures on all the non-compliance issues, raised by the importing country while invoking a particular ban, to their complete satisfaction. The Government also aggressively takes up the issues of bans with the relevant importing countries in bilateral forums at various levels, mounts delegations, wherever required, send compliance and quality dossiers etc. with a request to lift the ban at the earliest.

Source: DGCI and S (P): Provisional

Some of the reasons for the decline in exports during the period are as under:

- (i) Fall in global demand and fall in commodity prices impacting terms of trade for commodity exporters.
- (ii) Fall in the prices of petroleum crude resulting in consequent decline in prices as well as export realizations for petroleum products, which are major product items of exports for India.
- (iii) EU Countries that account for nearly 16% of India's exports, are facing problems of stagnation and deflation. The appreciation of the rupee against the Euro has adversely impacted India's exports to EU countries.

- (iv) Fall in demand of precious goods like pearl, precious, and semi-precious stones especially from oil producing countries.

(c) The Government has taken following measures to restore the positive growth rate in exports:

- (i) The Foreign Trade Policy (FTP) 2015-20, released on 1st April, 2015, has introduced two new schemes, namely, 'Merchandise Exports from India Scheme'(MEIS) for incentivising export of specified goods to specified markets and 'Service Exports from India Scheme' (SEIS) for increasing exports of notified services from India. This will diversify India's export markets and products and give a boost to India's exports.
- (ii) The Foreign Trade Policy 2015-20 has also introduced several measures for facilitating trade and improving 'Ease of doing business' by reducing the number of mandatory documents required for export and import to three each. In order to facilitate faster processing and enable working in  $24 \times 7$  mode, DGFT has facilitated submission of various applications and documents in online mode, as well as online payment of application fees through credit/debit cards and electronic fund transfer from 53 banks. CBEC has also facilitated integration of Plant Quarantine and FSSAI with EDI system of Customs for purposes of export and import. SEZ online system has also been integrated with Custom's EDI system. These measures will facilitate trade by reducing transaction cost and time.
- (iii) In order to provide Indian exporters better access to various markets, the Government is engaged in regional, bilateral and multilateral trade negotiations with various countries and trade blocks.
- (iv) The State Governments have been requested to develop their export strategy, appoint export commissioners, address infrastructure constraints restricting movement of goods, facilitate refund of VAT/Octroi/State level cess, address other issues relating to various clearances etc. and build capacity of new exporters, in order to promote exports.
- (v) The Government continuously monitors the export performance of different sectors to different countries and takes need based measures from time to time, keeping in view the emerging global financial situation and overall economic implications.

163. SHRIMATI RAJANI PATIL:

SHRI K.C. TYAGI:

- (a) whether Government has unveiled a new strategy to double the country's exports in next few years;
- (b) if so, the details thereof; and
- (c) the item-wise and country-wise details of steps being taken in this context?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) As per Foreign Trade Policy 2015-20 ([www.commerce.gov.in](http://www.commerce.gov.in)), Government aims to increase India's merchandise and services exports to approximately US\$ 900 billion by 2019-20 from the level of US\$ 466 billion during 2013-14.

#### **Guidelines set by APEDA for certifying organic farms**

179. SHRI D. RAJA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that the Agricultural and Processed Food Products Export Development Authority (APEDA) under this Ministry sets guidelines and standards for certifying organic farms; and

(b) if so, what measures are being taken by APEDA to ensure the genuineness of the organic products available in the country?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) The National Programme for Organic Production (NPOP) provides for standards of organic production, systems, criteria and procedure for accreditation of certification bodies, a national (India Organic) logo and regulation governing its use. NPOP operates under the overall guidance of the Department of Commerce, which acts as the apex body of the NPOP. Agricultural and Processed Food Products Export Development Authority (APEDA) functions as the Secretariat for the implementation of the NPOP.

(b) The NPOP, *inter-alia*, provides necessary guidelines and standards for organic certification for export of organic products from the country. APEDA's remit is limited to monitoring of export of organic products out of the country and not monitoring organic products in domestic market.

#### **Worsening situation of natural rubber growers due to imports**

180. SHRI K.K. RAGESH: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether the situation of natural rubber growers in India has worsened by

rubber imports to Indian market, which is still continuing and according to Rubber Board, the output of natural rubber in India during the fiscal 2014-15 was as low as 6,55,000 tonnes, due to the steep fall in the prices (as low as, ₹ 118 per kg for RSS 4 variety);

(b) if so, whether there is any concrete step taken by the Central Government to procure rubber on fair price from farmers and to restrict import; and

(c) if so, what is the decrease in the import of natural rubber after the recent 5 per cent increase in the import duty?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) Import of natural rubber (NR) is influenced by the current domestic prices as well as the rubber prices in international market which have fallen because of lower growth prospects of the world economy, moderating demand for Natural Rubber in China and increase in world stock of Natural Rubber. Fall in rubber prices in domestic market is mainly due to declining trend in prices in the international market, and relatively low growth in the domestic demand for specific forms of Natural Rubber. Notably, the domestic prices of dry rubber in form of Ribbed Smoked Sheet are currently at ₹ 130.98 per kg. compared with the price of block rubber, the main form of imported rubber, which is at ₹ 118.12 per kg.

(b) The Government has recently increased the duty on import of dry rubber from “20% or ₹ 30 per kg whichever is lower” to “25% or ₹ 30 per kg. whichever is lower” *w.e.f.* 30.4.2015. The Government has also reduced the period of utilization of imported dry rubber under advance licensing scheme from 18 months to 6 months. Steps have been taken to formulate a comprehensive Revenue Insurance Scheme for providing insurance cover to farmers of commodity crops including rubber against losses in terms of prices and yield within specified parameters.

(c) The import of natural rubber after the revision of import duty during the correspondence period of current and previous year is shown below:-

| Month | Import (Tonne) |         |
|-------|----------------|---------|
|       | 2014-15        | 2015-16 |
| May   | 37,918         | 34,772  |
| June  | 33,377         | 33,606  |

Effectiveness of the measures taken to influence import of NR is dependent, *inter-alia*, on prevailing domestic and international prices for different types and grades of NR, availability of rubber in domestic market, and its nature and form.

**Impact of less import of cotton by China**

181. SHRI C.M. RAMESH: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

- (a) how less import of cotton by China is impacting cotton exports and also cotton farmers;
- (b) the reasons for less imports by China;
- (c) in view of record crop of 39 million bales and reduction in exports, how the Ministry is planning to protect the cotton farmers; and
- (d) whether Ministry is searching for alternative markets for export of cotton and if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) Export of cotton from India to China declined by -56.72% from 61 lakh bales in the year 2013-14 to 26 lakh bales in the year 2014-15. As a result there had been sluggishness in the domestic prices as compared to last year.

(b) Cotton Policy adopted by the Chinese Government is the major reason for less imports by China. Two important factors of China's cotton policy that have led to declining trend in export of cotton in the current year are:

- (i) Building up of cotton stock over the past three years and thereby holding a stock levels of more than 8000 million kg (approximately one year's cotton consumption of Chinese spinning sector). To build up the stock levels, Chinese Government agencies kept on procuring domestic as well as imported cotton over the past three years. Once required stock levels have reached, they are importing lower quantities.
- (ii) Reduction in import quota granted to actual users of cotton thereby discouraging direct import by spinners and encouraging them to buy more of domestic cotton and also from Government agencies holding stock cotton.

(c) and (d) The Government protects farmers by providing Minimum Support Price (MSP) to the product. The MSP operation is undertaken by the Cotton Corporation of India (CCI). For the Cotton Season 2014-15, CCI is undertaking MSP operations

in more than 340 procurement centers in 92 districts across 11 cotton growing States in the country. Apart from CCI, in Maharashtra, the Maharashtra State Co-operative Cotton Growers Marketing Federation Limited (MSCCGMFL) has also been assigned the role of MSP procurement of Cotton.

Cotton exports from the country are under Open General License (OGL). India is also looking for export of Cotton to the various cotton deficit countries. Export of Cotton to other countries such as Vietnam, Taiwan, South Korea, Malaysia, Italy and Ethiopia are showing positive growth.

**Import duties on edible oils permitted by WTO**

†187. SHRIMATI KANAK LATA SINGH:

SHRI VISHAMBHAR PRASAD NISHAD:

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) the maximum and minimum import duties permitted in the rules laid down by World Trade Organisation (WTO) with respect to the import of edible oils and the import duties being charged currently;

(b) whether it is a fact that the import of edible oils is increasing steadily due to the excessive rebate in the import of edible oils;

(c) the quantum of edible oils imported during the last five years and the details of the import duties charged, year-wise; and

(d) whether it is a fact that the yield of oil seed of the farmers has been adversely affected due to the exceedingly low import duties?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE AND INDUSTRY (SHRIMATI NIRMALA SITHARAMAN): (a) As per India's WTO commitments, the maximum rates of import duty India can impose (Bound Rates) on edible oils is 45% for soyabean and olive oil and 300% for other oils. The rate of import duty currently being charged on crude edible oils is 7.5% and that on refined edible oils is 15%. As regards the minimum import duty, WTO Members can apply import duties at any rate not exceeding the Bound Rates.

(b) Increase in imports of edible oil cannot be attributed only to import duty. Imports depend on several factors such as the domestic demand and supply position, international and domestic prices situation and concerns of food security.

(c) The quantum of edible oil imported since 2010-11 is as follows:

| Year      | Quantity of oil imported (in lakh tonnes) |
|-----------|---|
| 2010-2011 | 69.04                                     |
| 2011-2012 | 84.42                                     |
| 2012-2013 | 110.18                                    |
| 2013-2014 | 104.68                                    |
| 2014-2015 | 127.01                                    |

† Original notice of the question was received in Hindi.

Rates of import duty charged on crude and refined edible oils during the last five years were as follows:

| Year                     | Rate of Import Duty |                     |
|--------------------------|---------------------|---------------------|
|                          | Crude Edible Oils   | Refined Edible Oils |
| 01.04.2008 to 22.01.2013 | Nil                 | 7.5%                |
| 23.01.2013 to 19.01.2014 | 2.5%                | 7.5%                |
| 20.01.2014 to 23.12.2014 | 2.5%                | 10%                 |
| Since 24.12.2014         | 7.5%                | 15%                 |

(d) As per Ministry of Agriculture, the production of oilseeds increased over the period 2011-12 to 2013-14, but declined in 2014-15. The decline is attributable to delayed and uneven distribution of rainfall in major oilseed growing States coupled with lower area coverage.

#### *Salient features of Model Police Act.*

The Model Act emphasized the need to have a professional police ‘service’ in a democratic society, which is efficient, effective, responsive to the needs of the people and accountable to the Rule of Law. The Act provided for social responsibilities of the police and emphasizes that the police would be governed by the principles of impartiality and human rights norms, with special attention to protection of weaker sections including minorities (Preamble to the Act). The other salient features of Model Act include:

- **Functional autonomy:** While recognising that the police is an agency of the State and therefore accountable to the elected political executive, the Committee has specifically outlined the role of Superintendence of the State Government over the police. (Section 39). The Model Police Act suggested creation of a State Police Board (Sections 42-50) to frame broad policy guidelines for promoting efficient, responsive and accountable policing etc. Merit-based selection and appointment of the Director General of Police, ensuring security of tenures (Section 6), setting up of Establishment Committees (Section 53) to accept and examine complaints from police officers about being subjected to illegal orders, to recommend names of suitable officers to State Government for posting to all positions in the ranks of Assistant/ Deputy Superintendents and above in the police organisation in the State excluding the DGP etc.
- **Encouraging professionalism:** To ensure an efficient, responsive and

professional police service, the Model Act sought earmarking dedicated staff for crime investigation; and distinct cadre for Civil police *vis-à-vis* Armed Police (Chapter III and IV).

- **Accountability paramount:** the Act prioritised police accountability, both for their performance and their conduct (Chapter V and Chapter XIII).
- **Improved service conditions:** The Act also aimed to provide better service conditions (Chapter XIV) to the police personnel including rationalising their working hours, one day off in each week, or compensatory benefits in lieu. It suggested creation of a Police Welfare Bureau to take care, *inter-alia*, of health care, housing, and legal facilities for police personnel as well as financial security for the next of kin of those dying in service. It further mandates the Government to provide insurance cover to all officers, and special allowances to officers posted in special wings commensurate with the risk involved.

However, to consolidate the gains of the first phase of modernization of prisons scheme which ended on 31.3.2009, a follow-up scheme known as the second phase of modernization of prisons was considered by the Government of India for which proposals from States/UTs were received. As no funds have been earmarked for the scheme, the second phase of Prison Modernisation Scheme has not been launched.

However, a consolidated Memorandum was submitted by the Ministry of Home Affairs to the Fourteenth Finance Commission for consideration which included the demands projected by the States/UTs amounting to ₹ 13,962.60 crore for prison reforms in the second phase of modernization of prisons. The Fourteenth Finance Commission has observed that in view of the improved outlay for States now, there is appropriate fiscal space to provide for additional expenditure needed for their requirements. The Fourteenth Finance Commission has not made any specific fund allocation in favour of Central Government for this purpose. Therefore, with appropriate prioritization, the States/UTs should be able to meet the proposed expenditure on modernisation of jails.

### Global Slavery Index, 2014

254. SHRI PALVAI GOVARDHAN REDDY: Will the Minister of LABOUR AND EMPLOYMENT be pleased to state:

(a) whether it is a fact that as per Global Slavery Index, 2014, India has 37 per cent of global enslaved people;

(b) whether it is also a fact that 2/3rd of Asia's enslaved are in India;

(c) what are the primary causes behind this and how Government is planning to eradicate this; and

(d) whether it means that schemes/programmes being implemented by Government of India are only on paper as there is no improvement on the ground?

THE MINISTER OF STATE OF THE MINISTRY OF LABOUR AND EMPLOYMENT (SHRI BANDARU DATTATREYA): (a) and (b) There is a report in the public domain, titled 'The Global Slavery Index 2014' released by a Perth (Australia)-based non-profit organization namely, 'Walk Free Foundation'. The report estimates there are 35.8 million people living in some form of modern slavery globally and there are about 14.28 million people under 'modern slavery' in India. As per the Report, in 2014, almost 2/3rd of the estimated 35.8 million people in modern slavery globally are in the Asia Pacific region. However, the Government has not made any assessment of the credibility of this report.

(c) The forms of modern slavery includes forced labour. The bonded labour is also a form of forced labour. The Bonded Labour System has been abolished by law throughout the country with effect from 25th October, 1975 under the Bonded Labour System (Abolition) Ordinance which was replaced by the Bonded Labour System (Abolition) Act, 1976. The instances of prevalence of forced and bonded labour

system are noticed now and then even after its abolition by law. The reasons are spelt out exhaustively at Section 2(g) of The Bonded Labour System (Abolition) Act, 1976. The root of the problem lies in the social customs and economic compulsions and they are yet to change in the desired direction.

(d) Under the Bonded Labour System (Abolition) Act, 1976, identification, release and rehabilitation of freed bonded labour is the direct responsibility of the concerned States/Union Territories. Under this Act, the District Magistrate has been conferred with the powers of Judicial Magistrate first class for convicting the perpetrators of bonded labour system upto 3 years of imprisonment.

In order to assist the State Governments in the task of rehabilitation of identified and released bonded labourers, a Centrally Sponsored Plan Scheme for Rehabilitation of Bonded Labour is in operation since May, 1978. Under the scheme, rehabilitation assistance @ ₹ 20,000 per bonded labour is provided which is equally borne by the Central and State Governments. The scheme also provides financial assistance to the State Governments for conducting surveys, awareness generation activities and evaluation studies. According to the information received from State Governments, the total number of bonded labour released and rehabilitated upto 31.03.2015 is 2,80,213 and the Central assistance provided to the States up to 31/03/2015 is ₹ 8181.62 lakh at and the details are given in the Statement.

### Non-ratification of ILO convention on labour issues

264. SHRI D. RAJA: Will the Minister of LABOUR AND EMPLOYMENT be pleased to state:

(a) whether it is a fact that India has not ratified some of the important International Labour Organisation (ILO) conventions such as freedom of association, collective bargaining and protection of child labour; and

(b) if so, the details thereof and the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF LABOUR AND EMPLOYMENT (SHRI BANDARU DATTATREYA): (a) Yes, Sir.

(b) Government of India follows the policy of ratifying the ILO Convention only when the existing laws and practices are in full conformity with the provision of said convention. The main reason for non-ratification of Convention No.87 concerning Freedom of Association and Protection of the Right to Organize and Convention No.98 concerning Right to Organise and Collective Bargaining Convention, is due to certain restrictions imposed on the Government servants and granting of certain rights for the Government employees that are prohibited under the statutory rules, namely, to strike work, to openly criticize Government policies, to freely accept financial contribution, to freely join foreign organizations etc. Government of India has not ratified ILO Convention No. 138 concerning Minimum Age for entry to Employment and Work and Convention No. 182 concerning Worst Forms of Child Labour because according to the conventions, minimum age of entry to any kind of employment or work which is likely to affect health, safety and morale of young persons shall not be less than 18 years. Whereas, at present, according to the Child Labour (Prohibition and Regulation) Act, 1986, the employment of children below 14 years of age is prohibited in certain occupations and processes.

†270.SHRIMATI KANAK LATA SINGH: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) whether any enquiry has been conducted following the fire incident during repair of one of the ONGC wells at Dihen village of Olpad town in Surat this year;
- (b) whether any negligence has been proved in the enquiry;
- (c) the details of the statement issued at Ministry level following the incident of fire and whether the action in line with the same has been taken after the enquiry; and
- (d) whether some complaints related to negligence have been received in this matter and if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) and (b) Oil Industry Safety Directorate (OISD) had conducted an enquiry into the matter. As per OISD report no culpability could be established, however, the root cause of the incident was found to be inadequate supervision/monitoring of the workover operation by both the operator and charter hire rig operational personnel and also ignorance of basic operational practices by the operational personnel manning the rig. ONGC has also carried out an internal inquiry on this matter and their report will be deliberated in the next Health Safety and Environment (HSE) Board Committee meeting.

(c) During the discussion on Rajya Sabha Starred Question no.186 on 13.5.2015, it was stated that the standard operating procedures which were required to be followed have not been followed and an enquiry would be conducted to ensure improvement in the system. Accordingly enquiry was conducted both by OISD and ONGC as mentioned above. Based on the enquiry report, Ministry had directed ONGC to ask its sub-committee of Board on Health, Safety and Environment (HSE) to look into organisational set up of HSE, compliance to standard operating procedure, safety audit etc. and recommend changes. ONGC has informed that the existing organisational set up of Health Safety and Environment (HSE), procedures, compliance of standard operating procedures and audit compliance will be deliberated in the next HSE Board Committee meeting and the outcome of the meeting shall be appraised to the Ministry.

(d) This Ministry had received two complaints in this matter. One was from, President, Brackish Water Research Centre, Surat and another from Hon'ble MP

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) to (c) Subsidy under PAHAL scheme is normally transferred electronically within 48 hours. But due to involvement of several stake holders (like distributors, NPCI and banks) in subsidy transfer process and depending on their internal processes, delays can happen.

A comprehensive portal, mylpg.in, has been provided to view status of cash transfer and cash transfer compliant status. There is a toll free number 1800-2333-555 for registering and resolving their grievances. This toll free number is available from 8 A.M. to 8 P.M.

(d) State and OMC-wise complaints received and resolved as on 15.07.2015 is given in the Statement (*See below*).

(e) The steps taken to bring down the complaints are as under:

- (i) Single point Grievance redressal for DBTL through industry call centre :

Consumers can post their queries or grievances related to DBTL by dialing the toll free number 18002333555. The call centre seats were increased from 100 to 350 to handle the DBTL related grievances.

## (ii) Facilities for posting grievance/queries on Websites:

Consumers can post their grievances/queries to the OMCs websites.

## (iii) Mylpg.in – A comprehensive portal has been developed in which DBTL related information and queries like Aadhaar or Bank A/c linking status with LPG distributor and banks, cash transfer status, post feedback or grievances, etc. are available for the convenience of customers.

## (iv) Dispute management system:

The OMCs along with SBI and NPCI have implemented a dispute management system for forwarding complaints to Banks and returning the resolved cases to the OMCs. ### Steps to check quality of petroleum products at petrol pumps

272. SHRIMATI SAROJINI HEMBRAM: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether Government is taking necessary steps in regularly checking the quality of petrol and diesel being supplied at various petrol pumps in the country;

(b) whether any committee/ monitoring team has been set up in different places in order to check adulteration of petrol, diesel and petroleum products; and

(c) if so, the details thereof and if not, the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) to (c) Public Sector Oil Marketing Companies (OMCs) have a system in place for regularly checking the quality of petrol and diesel being supplied by them to their Retail Outlets (ROs) in the country.

Public Sector OMCs undertake regular and surprise inspection of Retail Outlets and take action under the provisions of the Marketing Discipline Guidelines (MDG) and Dealership Agreements against the outlets found indulging in irregularities/ malpractices like adulteration, short delivery etc. The MDG provides for termination of outlets in the first instance itself for serious malpractices like adulteration, tampering of seals and unauthorized fittings/gears in the dispensing units and graded penalties for other malpractices/ irregularities. Other initiatives to prevent irregularities in Retail Outlets include Automation of Retail Outlets, Third Party Certification of Retail Outlets and Monitoring of movement of tank trucks through Global Positioning System (GPS).

The Motor Spirit and High Speed Diesel (Regulation of Supply, Distribution and Prevention of Malpractices) Order, 2005 issued by the Central Government under Essential Commodities Act, 1955 provides for punitive action against malpractices such as adulteration. Provisions are also available in the contractual documents and administrative guidelines to prevent and punish malpractices.

A Quality Control Cell is also functional in each of the Public Sector OMCs which carries out surprise inspections at ROs for checking various irregularities including adulteration.

#### **Identification of consumers for surrender of cooking gas subsidy**

273. SHRI VIJAY JAWAHARLAL DARDA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state :

(a) whether Government has fixed the criteria to indentify consumers who will be persuaded to surrender cooking gas subsidy, if so, the details thereof and if not, the reasons therefor; and

(b) so far how many consumers have surrendered their cooking gas subsidy, the details of numbers and possible savings on the subsidy?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) There is no criteria fixed by the Government to identify the customers for giving up their LPG subsidy. However, Government has launched an initiative to encourage domestic LPG consumers, who can afford to pay the market price for LPG, to voluntarily surrender their LPG subsidy. This will enable the Government to utilize the limited resources to reach out to the economically backward classes.

(b) As on 20.07.2015, total 12,14,297 consumers have voluntarily given up/surrendered subsidized LPG. This has resulted in saving of ₹ 5,65,37,66,832/-

#### **Shortage of LPG in rural areas of Uttar Pradesh**

†274. SHRI JUGUL KISHORE: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state :

(a) whether Government is aware that the current number of LPG connections in rural Uttar Pradesh is far too low in proportion to fixed targets, if so, the details thereof; and

(b) by when Government will achieve the fixed target of providing LPG connections in rural areas?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DHARMENDRA PRADHAN): (a) Public Sector Oil Marketing Companies (OMCs) have reported that as on 01.07.2015, there are 87 Lakh rural LPG consumers out of 2.18 Crore LPG consumers in the State of Uttar Pradesh.

Indian Oil Corporation Limited (IOCL), Bharat Petroleum Corporation Limited (BPCL), and Hindustan Petroleum Corporation Limited (HPCL) have informed that demurrage costs are being incurred due to lack of requisite infrastructure in domestic ports. #### **Modernisation of steel plants in public sector**

285. SHRI PARIMAL NATHWANI: Will the Minister of STEEL be pleased to state:

- (a) the status of modernisation of steel plants in the public sector;
- (b) whether the programme for expansion and modernisation of various steel plants under the Steel Authority of India Limited is lagging behind the schedule leading to cost and time overruns;
- (c) if so, the plant-wise details thereof along with the reasons therefor; and
- (d) the corrective measures taken/being taken by Government to address the situation?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL (SHRI VISHNU DEO SAI): (a) Steel Authority of India Limited (SAIL) and Rashtriya Ispat Nigam Limited (RINL) have undertaken Modernisation and Expansion at Bhilai, Bokaro, Durgapur, Rourkela, ISP, Burnpur and Special Steel Plant at Salem of

SAIL and Vizag Steel Plant of RINL) to enhance its crude steel production capacity in the current phase from 12.84 Million Tonne Per Annum (MTPA) to 21.40 MTPA and from 3.0 MTPA to 6.3 MTPA, respectively.

The expansion project at Salem Steel Plant has been completed in September, 2010. At Rourkela and IISCO steel plants, all facilities under the integrated process route are in operation, stabilization and ramp-up. The expanded capacities of Rourkela Steel Plant and IISCO Steel Plant, Burnpur have been dedicated to the nation on 01.04.2015 and 10.05.2015, respectively. In Bokaro Steel Plant, the major facilities like upgraded Blast Furnace No.2, rebuilt Coke Oven Battery No.1 and 2 and new 1.2 MTPA Cold Rolling Mill are ready. In Bhilai Steel Plant, the new Coke Oven Battery, Sinter Machine in SP-3, Ore Handling Plant and Oxygen Plant are in operation. In Durgapur Steel Plant, the rebuilt of Coke Oven Battery-2, Ladle Furnace and Bloom-cum-Round Caster have been completed.

RINL has undertaken modernization of its existing facilities like Blast Furnaces, Steel Melt Shop Converters and Sinter Plant, etc. The projects are at various stages of completion.

(b) and (c) The implementation of modernization and expansion plan has been affected mainly due to unforeseen soil conditions encountered during execution, under estimation of quantities by the consultant, logistic problems due to brownfield nature of project, inadequate mobilization of resources by the contracting agencies including PSU contractors. There has been no cost overrun except in ISP expansion (₹ 1965 crore) where the cost estimate has been revised to ₹ 16,408 crore against the earlier cost of ₹ 14,443 crore, resulting in financial Deviation of 13.6%. The main reason for cost overrun at ISP is increase in civil and structural work of BOF, CCP and Rolling Mills packages, proportionate increase in IDC and EDC and provision for future escalations.

(d) Various steps like review and updation of project manuals, enhancing delegation of powers at various levels for faster decision making, implementation of Integrated Project Management System, strengthening of project management organization by recruiting/redeploying fresh/experienced project managers, constitution of Board Sub-committee to monitor the implementation of expansion plans have been taken. Other measures undertaken include extensive use of video conferencing for review meetings, discussions and sharing of problems of various plants during head of projects meetings, establishing project control rooms at plants, assistance to contractors in the form of supply of steel, pipes and other SAIL products, provision of space for fabrication yard inside/outside the plant to facilitate the

contractor in fabricating structures and reducing transportation delays etc. Progress of modernization and expansion of plants are regularly reviewed at the level of Minister and Secretary in the Ministry.

Other schemes, viz. National Sports Talent Contest (NSTC), Army Boys Sports Company (ABSC), SAI Training Centre (STC) and Centre of Excellence (COE) are inclusive in nature. Youth of rural and tribal areas also benefit from these schemes. Under all these schemes, facilities like boarding, sports kit, competition exposure and scientific training under expert coaches are provided to the trainees.

- Army Boys Sports Company (ABSC)
- SAI Training Centre (STC)
- Special Area Games (SAG)
- Extension Centres of STC/SAG

315. SHRI VIJAY GOEL: Will the Minister of YOUTH AFFAIRS AND SPORTS be pleased to state:

(a) whether Government proposes to make provisions for adequate sports facilities, playgrounds, athletic tracks and recreation centres in country to prevent lifestyle diseases in the country;

(b) if so, the details thereof;

(c) the names of places in Rajasthan where the above facilities are considered to be provided; and

(d) the budgetary allocations likely to be made for the above in the Financial Year 2015-16?

THE MINISTER OF STATE OF THE MINISTRY OF YOUTH AFFAIRS AND SPORTS (SHRI SARBANANDA SONOWAL): (a) and (b) The Ministry of Youth Affairs and Sports is not implementing any scheme specifically for making provisions for adequate sports facilities, playgrounds, athletic tracks and recreation centres in the country to prevent lifestyle disease in the country. However, the Ministry is implementing the following Schemes for creation of sports infrastructure in the country :

- (i) The Rajiv Gandhi Khel Abhiyan (RGKA) [erstwhile Panchayat Yuva Krida aur Khel Abhiyan (PYKKA)]: Under this Scheme, it is proposed to construct a sports complex in each block, both for outdoor and indoor sports disciplines. The Central Government is contemplating to revisit the RGKA scheme as funds are not forthcoming from the converging schemes, viz, the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS), the Backward Region Grants Fund (BRGF), the Additional Central Assistance for Left Wing Extremism Affected Areas (ACA for LWEAA), and the Non-Lapsable Central Pool of Resources – Central (NLCPR-Central).
- (ii) Urban Sports Infrastructure Scheme (USIS): Under this Scheme 100% financial assistance, subject to prescribed ceiling is provided to (a) State Governments; (b) Local Civic Bodies; (c) Schools, Colleges and Universities under Central/State Governments; and (d) Sports Control Boards for development of the: (i) Synthetic playing surface (for hockey, football and athletics); and (ii) Multipurpose indoor hall.

(c) and (d) Release of grants under the RGKA and USIS are demand-driven and made against proposals received from States/UTs, including the State of Rajasthan, and other eligible entities, and which are complete in all respects as per provisions of the Scheme and subject to the condition that no Utilization Certificate is pending from the concerned beneficiaries against grants released by this Ministry. As such, there is no State-wise allocation of funds under any of the above Schemes.

**Women badminton players from AP**

316. DR. K. V. P. RAMACHANDRA RAO: Will the Minister of YOUTH AFFAIRS AND SPORTS be pleased to state:

(a) whether Government's attention has been drawn to the disquiet and sense of neglect among the national women badminton players particularly doubles players from Andhra Pradesh;

(b) if so, what steps are being taken to address the players' concerns in matters related to their coaching, training and participation in international tournaments; and

(c) whether Government would advice the badminton body to appoint a separate national coach for women's doubles players?

THE MINISTER OF STATE OF THE MINISTRY OF YOUTH AFFAIRS AND SPORTS (SHRI SARBANANDA SONOWAL): (a) Yes, Sir.

(b) To address the players' concerns, it has been decided to appoint a specialist foreign coach for doubles events. As a matter of routine, concerns expressed by players regarding their training and participation in international tournaments are addressed by Sports Authority of India and the Department of Sports in consultation with National Sports Federations (NSFs) wherever necessary.

(c) Badminton Association of India has already identified and recommended one of the top doubles coaches from Malaysia viz., Mr. Tan Kim Her, which has been approved in principle by the Government for imparting training at a separate centre only for paired events at Hyderabad.

**Inadequate funding for promotion of football**

317. SHRI PARVEZ HASHMI: Will the Minister of YOUTH AFFAIRS AND SPORTS be pleased to state:

(a) whether funding for promotion of football in India is not adequate;

(b) the amount and support given to Indian Football Association by Sports Authority of India (SAI);

(c) whether there is any other source of fund available to Indian Football Association; and

(d) the State-wise facilities available for the players across the country?

THE MINISTER OF STATE OF THE MINISTRY OF YOUTH AFFAIRS AND SPORTS (SHRI SARBANANDA SONOWAL): (a) and (b) Sir, the primary responsibility for promotion and development of various sport disciplines including football rests with the concerned National Sports Federations (NSFs) which in the case of football is the All India Football Federation (AIFF). Government of India supplements the efforts of the NSFs by providing financial assistance for various activities such as holding coaching camps for national level sportspersons, holding zonal and national championships for sub-junior, junior and senior categories, organizing International tournaments in India, training and participation of sportspersons/teams in international tournaments abroad, procurement of sports science equipment and consumables, engagement of foreign coaches/experts to train the athletes, etc. as per agreed Long Term Development Plans.

During the last three years, *i.e.*, 2012-15, an amount of ₹ 2346.02 lakh was spent from the Scheme of Assistance to NSFs of the Central Government for the sport of football.

(c) AIFF has generated ₹ 42,54,92,568 from grant of commercial rights, sponsorship and football assessment fee for the year ending 31.3.14.

(d) Although State/UT-wise allocation of funds is not made and at State level, it is the responsibility of State level federations and the concerned State Governments to develop various sports disciplines, the Ministry of Youth Affairs and Sports has been extending support for improving the level of sports including football through its various Schemes like Rajiv Gandhi Khel Abhiyan (RGKA) and Urban Sports Infrastructure Scheme (USIS). Under RGKA, financial assistance is provided for construction of a sports complex in each rural block of the country to cater to various sports disciplines including football. Under the Scheme of USIS, grants for creation of sports infrastructure projects such as football/hockey turf/multi-purpose halls/athletic tracks, etc. are provided for which State Governments, local civic bodies, Schools, Colleges, Universities and Sports Control Boards are eligible.

**Scheme to attract talents in tribals for sports**

†318. SHRI DIGVIJAYA SINGH: Will the Minister of YOUTH AFFAIRS AND SPORTS be pleased to state:

(a) whether the practice providing services of NIS trained trainers by Sports Authority of India (SAI) for Central as well as State schemes has been discontinued, if so, whether it would be started again; and

(b) whether the Central Government has any scheme to discover the hidden sporting talents in young tribal boys/girls aged 9 to 14 and to raise their sports to the highest level of achievement by giving them intensive training all through the year and by opening academies for popular sports in their States?

THE MINISTER OF STATE OF THE MINISTRY OF YOUTH AFFAIRS AND SPORTS (SHRI SARBANANDA SONOWAL): (a) Sports Authority of India (SAI) coaches are deployed in SAI Promotional Schemes, National Coaching Camps and State Coaching Centres (SCCs). However, in view of acute shortage of coaches, the ability to spare coaches for SCCs has diminished considerably. At present, 102 out of 1078 SAI coaches are deployed in SCCs, 19 are deployed in University Field Stations (UFS) and the remaining are deployed in SAI Centres and National Coaching Camps.

(b) Yes, Sir. Sports Authority of India has Sub Junior Schemes in the age group of 9-14 years. These include National Sports Talent Contest (NSTC) (age group 8-14 years), Army Boys Sports Company (ABSC) (age group 8-16 years), SAI Training Centre (STC) (age group 12-18 years), Special Area Games (SAG) (age group 12-18 years) and Centre of Excellence (COE) (age group 12-25 years) Schemes. While only the Special Area Games (SAG) is primarily focused on scouting and nurturing talent from amongst the tribal boys and girls to achieve excellence at the international level, the remaining Schemes are inclusive in nature. As such gifted and talented boys and girls from tribal areas are imparted with training under various schemes of SAI, including Special Area Games (SAG), SAI Training Centre (STC), National Sports Talent Contest (NSTC), Army Boys Sports Company (ABSC) and Centre of Excellence (COE). Selection of sport disciplines at centres are determined by several factors such as priority of the game, its popularity and potential for promoting excellence.

A new scheme, namely National Sports Talent Search Scheme (NSTSS) has been formulated for talent identification in the age group of 8-12 years and nurturing of identifying talented sportspersons. The objective of this scheme is to identify

The cases are against various persons who were/are working in Organizing Committee, Commonwealth Games-2010, New Delhi Municipal Council (NDMC), Central Public Works Department (CPWD), Delhi Development Authority (DDA), Public Works Department (PWD), Municipal Corporation of Delhi (MCD), Mahanagar Telephone Nigam Limited (MTNL), Prasar Bharti and companies/firms which executed works for CWG-2010. THE MINISTER OF STATE OF THE MINISTRY OF YOUTH AFFAIRS AND SPORTS (SHRI SARBANANDA SONOWAL): (a) Sir, most Olympians are either employed in State or Centre Government Offices, Public Sector Undertakings or

private sector companies. Every medal winning Olympian is also entitled to a pension of ₹ 10,000/- per month under the Scheme of Pension to Meritorious Sportspersons. They also get cash awards under the Ministry's scheme of Special Awards to medal winners in international sports events and their coaches.
